A cancer diagnosis. Shock, fear, and a virtual landslide of paper.

"You are about to enter the Paper Zone! You will be amazed at the amount of paper you accumulate as you go through the process of surviving — and healing. The best time to get that paper under control is NOW! . . ."

"This workbook was designed to help you reduce or eliminate one major level of stress. Your most important work right now is healing, and maintaining your records rigorously will do more to reduce stress and let you concentrate on the important work of managing your health than you can possibly imagine."
